EXECUTIVE SUMMARY

Smart Energy Conference & Exhibition 2021 was a tremendous success

Two full days of conferences, exhibition booths and networking opportunities were held on Wednesday 12 and Thursday 13 May 2021.

COVID SAFE

This was the first large-scale face-to-face energy event since the shutdown and was a smashing success. Foremost, we were able to ensure a COVID-safe event thanks to a joint effort by everyone involved!

COVID-19 has shown us about resilience and the power of innovation. This year's show is proof of just how the right mix of creativity, technology and professionalism can transcend borders, bringing together industry leaders from different parts of the world despite border closures.

This conference broke records. At Smart Energy 2021 we had:

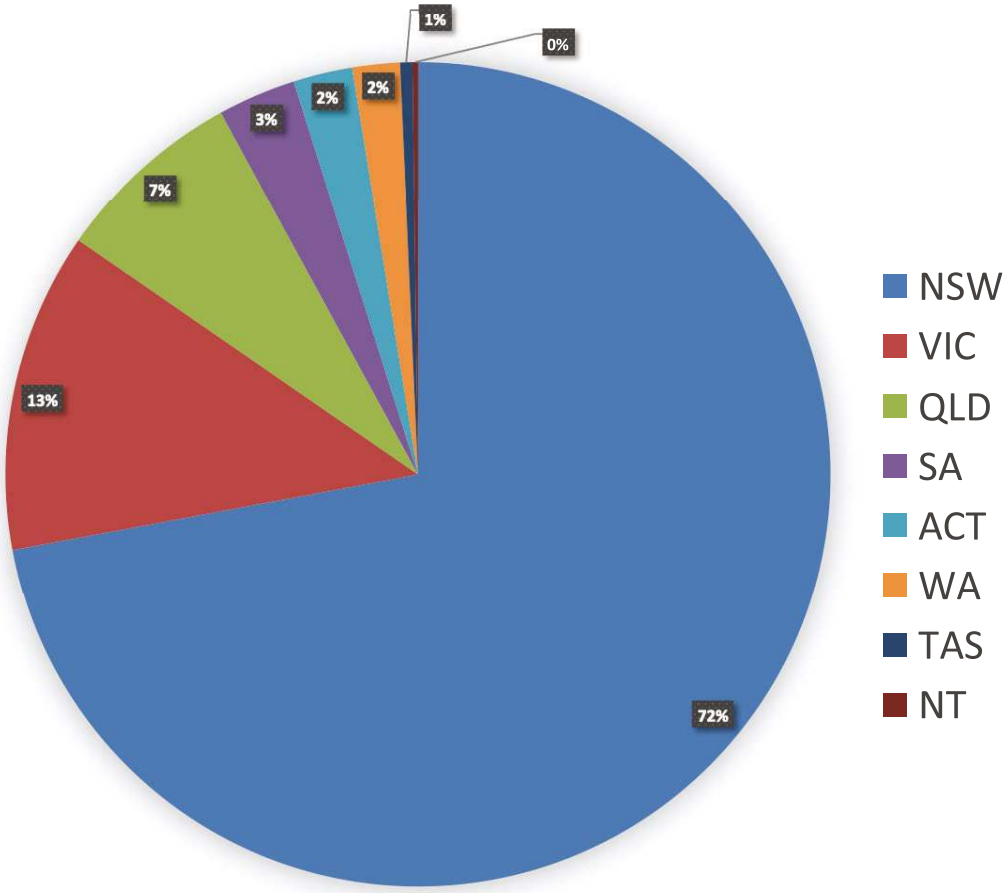
- **over 5000** registrations
- **70+** exhibitors at the show
- **120+** speakers across 23 sessions

Our post event surveys confirm that Smart Energy 2021 exceeded all expectations and was exactly what the Industry needed in these times.

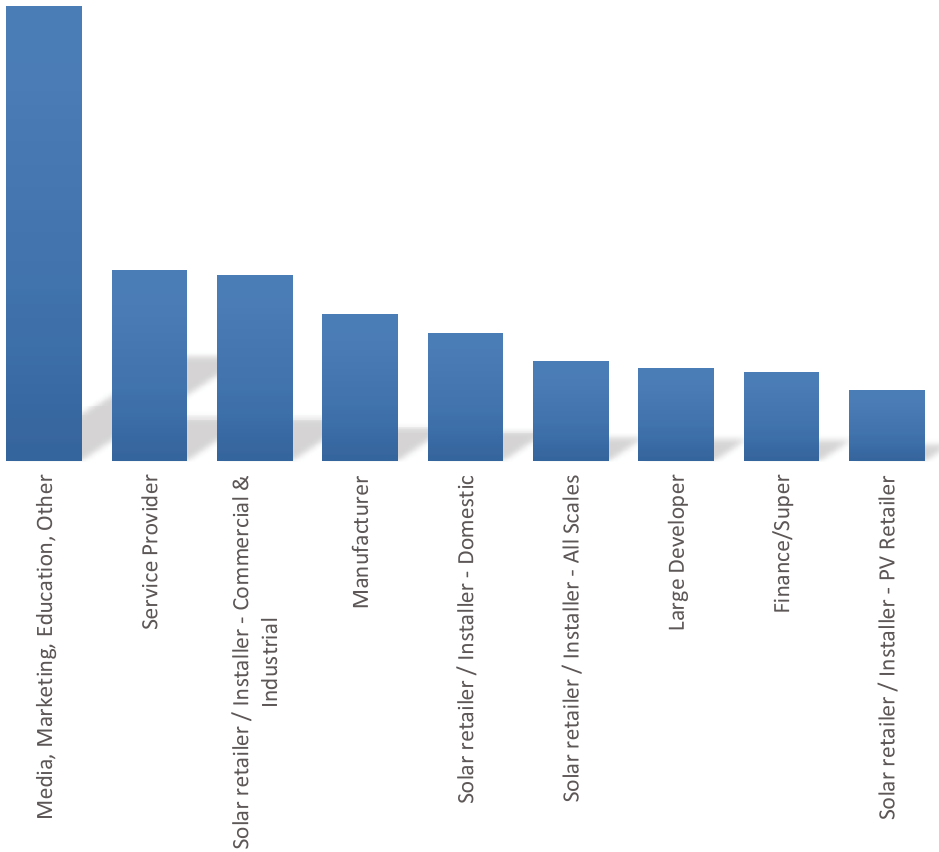
The good news is, you can mark your diaries now for next year's event on the **4 & 5 May 2022**, and join us for our 60th Anniversary in a historic celebration.

We look forward to seeing you in 2022!

REGISTRATIONS FROM AUSTRALIA PER STATE



PRIMARY BUSINESS CATEGORY



CONFERENCE

97% of visitors were satisfied or extremely satisfied with the information given in the conference sessions

DAY 1 WEDNESDAY 12 MAY 2021

SMART ENERGY SOLUTIONS

Smart Energy

9.00am A TIME FOR ACTION

NSW Smart Energy Policy - Matt Kean MP, NSW Minister for Energy and Environment
Welcome Address - Steve Blume, Smart Energy Council
Welcome to Country - Aunty Ann Weldon, Metropolitan Local Aboriginal Land Council
The Courage To Act: Planning For A Future Beyond Coal - The Honourable Malcolm Turnbull AC, 29th Prime Minister of Australia
Solar Price Forecasts and the Implications for Australia - Prof Martin Green, UNSW
The Road to COP 26 - Vicki Treadell, British High Commissioner
Strong Economy, Clean Environment - John Grimes, Smart Energy Council

10.45am MORNING TEA

11.15am LARGE SCALE MARKET TRENDS & FORECAST

Global Renewables Trends and Forecasts - Kobad Bhavnagri, Bloomberg New Energy Finance
Emerging Pinch Points and Solutions - Kerry Schott, Energy Security Board
What's happening in the Renewable Energy Target - Mark Williamson, Clean Energy Regulator
Outlook for Large Scale Projects - David Leitch, ITK Services
Outlook for Electricity Markets, **Tristan Edis**, Green Energy Markets

12.45pm LUNCH

1.45pm BREAKING THE GRID LOCK!

The Smart Energy Grid - Benn Barr, AEMC
Barrelling towards a more decentralised future: what do we need to know? What can we learn from solar PV data? - Martijn Wilder, Pollination
Challenges in the Sector - Sally Torgoman, PWC
Energy Storage and Generation at the Edge of Grid - Craig Wood, Vast Solar
Large Scale Investment Roadblocks - Monique Miller, CEFC
Renewable Energy Production Forecasting - Josh Fisher, Weatherzone

3.00pm AFTERNOON TEA

3.30pm FINANCE & INVESTMENT: WHERE IS THE MONEY FLOWING?

Smart Energy Financing Trends - Ian Learmonth, CEFC
The Investor's Point of View - Simon Corbell, Clean Energy Investor Group
Investing In Distributed Energy – Solar & Battery - Katherine McConnell, Brighte
Where the Biggest Carbon Reductions have been Made - Tiana Nairn, LMS Energy
Potential investment risks of solar cutoff regulation - Dr Gabrielle Kuiper, IEEFA
Global Trends in Renewable Financing - Nigel Topping, UK Climate Envoy

4.45pm CLOSE

APPLIED ENERGY STORAGE

FOX ESS

11:00am ENERGY STORAGE: MARKET REVIEW & APPLICATIONS

Global Industry Perspective: Market and Price Forecasts - Dong Lin, Alpha ESS Australia
Battery Technology Update - Jan Geder, VDE Renewables Asia
Energy Storage Technology Review - Jonathan Gifford, pv magazine Australia
Global Battery Segments and Applications - Ned Yu, Pylontech
Electric Vehicles – More than Mobility - Ben Warren, Nissan Motor Corporation
Pumped Hydro Storage Market - Andrew Blakers, Australian National University

12.30pm LUNCH

1.30pm A FAIR GO FOR BATTERIES IN THE ENERGY MARKET

Getting the Market Mechanism Right - Dean Spaccavento, Reposit Power
Escape the Straightjacket & Unlock Battery Value - Jemma Green, Power Ledger
Sharing the Benefits between Customers and the Community - Tim Harris, Redflow
EV's Plugged into the Grid: Changing the Game - Laura Jones, ANU
What Customers Want: And How to Achieve it - Alex Georgiou, ShineHub
Reliable and sustainable storage solutions - Bradley Paton, Power Plus Energy

2.45pm AFTERNOON TEA

3.15pm ENERGY DATA & CONTROL

Turning Data into Action - Stefan Jarnason, Solar Analytics
Case studies of value stacking batteries for networks, retailers, consumers and businesses - Ben Hutt, Evergen
Turning on the Headlights for the Networks - Paul Liddell, Luceo Energy
Solution for VPP - Cody Hua, FoxESS
Energy Data: Balancing Consumer Rights, Security, and Function - Grant Young, Wattwatchers Digital Energy

4.30pm CLOSE

PROFESSIONAL DEVELOPMENT INSTALLER

GROWATT

9.00am SOLAR & BATTERIES: MARKET UPDATE

Rooftop Solar Market Update - Ric Brazzale, Green Energy Markets
Findings from the Empowering Homes pilot - Arianwyn Lowe, NSW Government
Solar Victoria Market Statistics - Stan Krpan, Solar Victoria
Global Trends and Market Drivers - Nathan Dunn, Sonnen Australia
Battery Market Trends - Jamie Allen, Evo Power
Where the Money is in the Market - Warwick Johnston, SunWiz

10.45am MORNING TEA

11.15am GRID CONNECTIONS & STABILITY

Challenges with connecting to the grid - Margarida Pimentel, AEMO
The Need for a Fair Connection Approval Process - Wilf Johnston, Enphase Energy Australia
Dynamic Export Limit Trial - Alex Ward, SAPN
Yes, But…. - Haydn Yates, YES Group
Behind the Meter Use - Rex Wang, Growatt

12.45pm LUNCH

1.45pm ZERO EXPORT LIMITS, COMMUNICATION AND CONTROL

Export Limiting + Fronius Smart Meter - Rod Dewar, Fronius
Trends in communications for solar installations & load control - Nigel Morris, Solar Analytics
VPP's: The Private & Network Benefits - Paul Bourke, Discover Energy
VPP Project Overview - Barbara Elliston, Easy Warm

3.15pm AFTERNOON TEA

3.45pm INSTALLERS STRONG & SAFE TOGETHER

Installer Business 2021 - Sam Craft, NRG
Standards Update - Glen Morris, Solar Plus
Mental Health Matters - Andy McCarthy, RACV Solar
Safety & Mental Health: The VIC Perspective - Peter Geeves, Solplanet

4.55pm CLOSE

5.00PM – 7.00PM: NETWORKING DRINKS PARTNERED BY REC SOLAR, NETWORKING LOUNGE

REC SOLAR'S MOST TRUSTED

DAY 2 THURSDAY 13 MAY 2021

SMART ENERGY SOLUTIONS

cefc

9.00am SMART ENERGY STATES

National Smart Energy Priorities - Hon Angus Taylor MP Minister for Energy and Emissions Reduction

State Government Smart Energy - Lily D'Ambrosio, Minister for Energy, Environment and Climate Change and Minister for Solar Homes

ACT – Beyond 100% Renewables - Shane Rattenbury, ACT Minister for Water, Energy and Emissions Reduction

NSW Smart Energy Priorities - Hon Adam Searle MLC, NSW Shadow Minister for Climate Change & Energy

WA Smart Energy Priorities - Bill Johnston, WA Minister for Mines and Petroleum; Energy

ALP Smart Energy Priorities - Hon Chris Bowen MP, Shadow Minister for Climate Change & Energy

10.45am MORNING TEA

11.15am RENEWABLE ENERGY ZONES

Building Queensland's Renewable Grid - Maia Schweizer, CleanCo

Coordinating Chaos - Nicola Falcon, AEMO

NSW REZ Plan - Chloe Hicks, NSW Government

Vic Plan for REZ's - Anh Mai, Victorian Government

Building Low Carbon Industrial Zones - Simon Holmes à Court, Melbourne University

12.45pm LUNCH

1.45pm RENEWABLE ENERGY EXPORTING SUPERPOWER

Australia's Renewable Exporting Potential - Saul Griffith, Otherlab

Better Economics: Bigger Project - David Griffin, Sun Cable

Global Trends towards Renewables - Tim Buckley, Institute for Energy Economics

Retaining a Strong Australian Economy - Heidi Lee, Beyond Zero Emissions

3.00pm AFTERNOON TEA

3.30pm CORPORATE LEADERSHIP: GETTING ON WITH BUSINESS

RE100 Corporates Leading the Way - Jon Dee, RE 100

Big Funds: Clean Priorities - Alex Miller, CBUS

Helping Companies Make the Switch - Thomas Bywater, Jinko Solar

IKEA Behind the Meter Solution with eleXsys - Richard Romanowski, Planet Ark Power

Smart Energy Customer Case Studies - Kirk Lawrence, Schneider Electric

4.45pm CLOSE

HYDROGEN 2021

DNV

9:00am HYDROGEN: THE ZERO-CARBON FUEL

The role of hydrogen in Germany's Energy Transition - Dr Thomas Fitschen, Ambassador of Germany

Australia's Opportunity - Dr Cathy Foley, Chief Scientist

Australia's Hydrogen Industry Clusters - Leigh Kennedy, NERA

ARENA and Renewable Hydrogen - Matt Walden, ARENA

Hydrogen Australia's Zero Carbon Certification Scheme - Scott Hamilton, Hydrogen Certification Scheme

Hydrogen Traceability and Certification with new technologies - Laszlo Peter, KPMG

10.30am MORNING TEA

11:00am HYDROGEN MARKET UPDATE

Hydrogen Energy Release Optimizer - Andrew Horvath, Star Scientific

Synergies between hydrogen exports and domestic energy transition - Rebecca Burdon, Climate Resource

Scaling electrolysis and renewable hydrogen - Karan Bagga, Thyssenkrupp

Hydrogen for mobility - Craig Knight, HYZON Motors

12.30pm LUNCH

1.30pm AUSTRALIA – A RENEWABLE HYDROGEN SUPERPOWER

The Norwegian's Perspective - H.E. Mr Paul Gulleik Larsen, Norwegian Ambassador

Infrastructure changes in a high-production hydrogen scenario - Nicola McFarlane, DNV

Green Hydrogen and Ammonia: Scaling up commercialisation - Attilio Pigneri, H2U

The importance of certification for international trade - Emma Aisbett, ANU

Asian Renewable Energy Hub - Andrew Dickson, CWPR

Developing Community Trust in Hydrogen - Peta Ashworth, University of Queensland

2.30pm AFTERNOON TEA

3.15pm TECHNOLOGY IN CONTEXT

Hydrogen Energy Storage Research at Curtin University - Craig Buckley, Curtin University

Hydrogen for off-grid networks - Matthew Muller, LAVO Technology

Unlocking the Global Hydrogen Economy - Rose Amal, UNSW

Hydrogen: unlocking the value of gas and electricity sector coupling in a low carbon future - Bruce Hansen, Evoenergy

Large-scale hydrogen storage solutions - Keith Lovegrove, ITP Thermal

4.30pm CLOSE

PROFESSIONAL DEVELOPMENT INSTALLER

ZNSHINESOLAR

9.00am SOLAR & BATTERY INSPECTIONS & QUALITY

Hybrid battery storage installation and technology - Joey Zhang, SolaX Power

Inspection Program Results - Jessica Edwards, CER

The Most Common Faults in the Field - Geoff Bragg, Sunman Solar

Solar Panel serial number validation program - Blair Pester, WINAICO

Teaming with a Distributor - Grant Behrendorff, AC Solar Warehouse

Why Quality Matters in the Bush - Bobbi McKibbin, Solar Integrity

Selling Value, Not Sticker Price: Sales Training - Gustavo Paviani, LG Electronics Australia

10.45am MORNING TEA

11.15am BETTER PRODUCTS & INNOVATION

Innovative Projects on the Go - Bronte Wilson, Mondo

Half Cells, Poly on the decline? - Paul Scerri, REC

Solar PV in the age of giga-projects - Chris McGrath, 5B

Charitable Projects: The Opportunity to Do Good - Lily Pejkic, Australian Women in Solar Energy

Self-Cleaning Solar Panel - Collin Wang, ZNSHINE Solar

Direct attachment solutions for faster, bigger and more cost-effective solar installations - Matt Hennessy, S5!

Pros & Cons of Optimisers and Micro Inverters - Mark Cavanagh, MC Solar & Electrical

12.45pm LUNCH

1.45pm SOLUTION SELLING & HOW TO AVOID CRAP SOLAR

The Installer's Point of View - Peter Leeson, Leeson Group

The Customer's Point of View - Eddy May, NRG

Crap Solar - Chris Stork, Crap Solar

Standing apart from, and above the Cowboys - Sophie Wright, Velocity Solar

Selling Solar with Software - Glen Morris, SolarPlus

Building a Quality Community - Rohan McGlew, Infinate Energy WA

3.15pm AFTERNOON TEA

3.45pm SOLUTION-LED SALES FOR QUALITY SOLAR

Pushing Quality Up through the Installer Community - Jake Warner, Penrith Solar Centre

How quality solutions can grow your business - Markus Lambert, All Energy Media

Quality Discovery in the Age of Cheap Solar - Jay Hermon, Enphase

$1m fund for Bushfire Recovery - Shane Clayton, RACV

4.45pm CLOSE

- **23** Sessions over 2 days
- **150+** Industry experts speaking or chairing
- **17** Remote presenters from all over the world
- **120** CPD points available

"It's just great to see the industry and like-minded people come together to support each other and challenge the status quo."

FEEDBACK FROM ATTENDEES

98.5% of attendees were satisfied or extremely satisfied with the Smart Energy Conference & Exhibition 2021

97% would recommend the Smart Energy Conference & Exhibition 2021 to others in future

"It was great to once again catch up with everyone face to face and build upon existing relationships in our industry." – MARK JOHNSON, GBES

"The Smart Energy Council event is an important date keeper in my Calendar a team that leads thought and influences policy and discussion in the renewables space from generation to storage, smart energy management and transport."
– GREG McGARVIE, MANAGING DIRECTOR, ACE ELECTRIC VEHICLES GROUP

"While picking up some genuine industry knowledge, I ended up doing a deal with another attendee, GOLD!" – PIERS WARREN

***35%** confirmed that their attendance will lead to a purchase from an exhibitor or partner*

FEEDBACK FROM EXHIBITORS

100% of Exhibitors were Satisfied or Extremely Satisfied with the Smart Energy Conference & Exhibition

100% of Exhibitors consider their target audience was represented by delegates

"The most rapidly improving expo in the most rapidly growing industry in the world."

– DANE MURRAY, EXPERIENCE DESIGNER, 5B

"The 2021 Smart Energy Conference and Exhibition was another great event hosted by the Smart Energy Council. The exhibition provides a unique opportunity for us to catch up with our customers and really understand what they need from us to maximise their success. We've already booked our spot for next year – see you there."

– GRANT BEHRENDORFF. AC SOLAR WAREHOUSE

FEEDBACK FROM SPEAKERS AND CHAIRPERSONS

★★★★½ *4.8 stars rating from all speakers and chairpersons regarding their experience at Smart Energy 2021*

HOW CAN WE IMPROVE? *"Better online experience for speakers presenting remotely. But great event under COVID-19 limitations. Well done!"* – CHRIS STORK

"It was fantastic to meet our industry friends face to face and the content from the speaker community was also really worthwhile. I was also humbled to be invited to speak so thank you for that opportunity as well." – BEN HUTT, CEO & MD, EVERGEN

"It was a fabulous conference. And so well run. I think we all appreciate how tricky it would have been given the COVID climate but we are all incredibly thankful. So kudos to the whole team!" – BOBBI McKIBBIN, DIRECTOR SOLAR, INTEGRITY

"Great event – really enjoyed myself – thanks for the invitation."
– MONICA RICHTER, SENIOR MANAGER-LOW CARBON FUTURES, WWF AUSTRALIA

"What a great conference with a very strong atmosphere. Thanks for all the hard work to you, John Grimes and the Smart Energy Council team."
– MARKUS LAMBERT, GENERAL MANAGER, ALL ENERGY MEDIA

Smart Energy 2022

Next year's event is a very special one. It is the **60th Annual Conference and Exhibition**. We will celebrate Australia's longest running renewables event. In fact, one of the longest running in the world!

Mark your diaries now for **4 & 5 May 2022** and join us for this historic celebration.
