

Become an Exhibitor

LOWER POWER BILLS EXPO

- City of Whittlesea - 16 April 2026
- Great Dandenong - 4 June 2026
- City of Melton - 16 July 2026

Connect With Households & Businesses Looking to Save on Energy

The Smart Energy Council is proud to be leading an exciting initiative to help Victorian homeowners, businesses & community facilities, in reducing their energy bills & cutting their cost of living by helping them understand the benefits of switching to solar, battery storage, and home electrification.

As an exhibitor, you'll be directly engaging with an audience actively looking for solutions that help them lower their power bills.

Solutions on display

- Solar panels & battery storage
- Electric cooking with induction
- Efficient heating & cooling solutions
- Heat pump hot water systems
- EV charging at home

Why exhibit?

- Direct access to qualified homeowner leads
- Opportunity to showcase your products and expertise
- Be part of a trusted, government-supported initiative
- Free exhibition for Smart Energy Council members
- Just \$50 for non-members
